### MINISTER ACCUSED OF HERESY

Pittsburg, Pa., July 10.—Accused of heresy because he declared that much of the Bible was but legend and myth—old wives' tales and fairy stories for children but unsuitable for mature, active minds—the Rev. Dr. John H. Dietrich, pastor of St. Mark's Memorial Reformed church, will be tried this week before the Allegheny classis of the Reformed church. Dr. Dietrich has a fashionable congregation in the West End of Pittsburg and is one of the most radical ministers in the city.

In a statement Dr. Dietrich says regarding his beliefs:

"I do not claim to be orthodox. In fact, I have no desire to be, for orthodoxy represents a system of thought based upon ignorance and superstition. There is no question about the difference between the orthodox theory of the world and my theory. They believe that a system of things which start with the fall of man, with an atonement wrought out by a dying God midway and an eternal hell at the end. I believe that there never was a fall of man, that from the beginning he has risen; that the atonement is not wrought out by a dying God, but every man coming into harmony with the laws of the universe which are the laws of God; and if men will do their part the kingdom of God lies ahead instead of an endless hell."

### HEAT STOPS ATWOOD'S FLIGHT TO WASHINGTON.

The extreme humidity accompanying the excessive heat was the factor in stopping the aviators after they had traveled about one hundred and forty-eight miles. They still expect to reach Washington before dark.

### MORE PARTICULARS OF SANTA ROSA WRECK

ONLY TWO PASSENGERS ARE STILL MISSING.

Brave Captain Regrets Obeying Orders Instead of Following His Own Judgment.

[By Associated Press.]  
San Francisco, Cal., July 10.—All but two passengers from the wrecked steamer Santa Rosa are accounted for, according to the Pacific Steamship Company management today, and they expect these two to turn up later. "I wish to God I had followed my own judgment and paid no attention to those fellows in San Francisco," this statement was made by Capt. J. Faria when the Santa Rosa began to break up, according to Mrs. Eliza Campbell, one of the survivors. Wireless Operator Barnack Frankel said: "Just before the vessel swung around and cracked in two I received the following order from San Francisco for the captain: 'Get out two more hedge anchors and try to hold her until the President arrives.' 'Hedge anchors be damned!' shouted Captain Faria. 'It is a case of life and death now, and I am going to land these people before it is too late.'"

### TAFT DENIES KNOWLEDGE OF CONTROLLER BAY LETTER

[By Associated Press.]  
Washington, July 10.—President Taft immediately on his return to Washington today instituted investigations here and at Cincinnati to discover traces of the letter his brother, Charles P. Taft, is alleged to have written to the president about Controller Bay, in Alaska, which, it is charged, resulted in the Guggenheims acquiring that water front. President Taft said he had never received any such letter, so far as he can remember.

### DALLAM COUNTY GOES DRY BY SMALL MAJORITY

[By Associated Press.]

Eight saloons in the county will close tonight. Dalhart, with seven saloons, gave the wetts 198 votes and drys 192. The rural boxes are swinging the victory to the pros.

Buffalo, N. Y., July 10.—Practically all of the members of the National Association of Cleaners and Dyers strongly favor the establishment of a parcels post, and definite action to support the measure will be taken during the five-day convention opened here today by the organization. It is believed that the parcels post would aid the dyers and cleaners in greatly extending their business.

## PRETTIEST THING In My Home is a Macey Book Cabinet

To set one of the new Macey Book Cabinets in your home is to set before your children an example of such good taste that throughout all the days of their lives they will feel its refining influence.

Macey Book Cabinets are the first sectional bookcases ever built after the designs of the old masters. These old masters, Sheraton, Chippendale, Robert Adam and Fra Junipero, were as great in Furniture as Shakespeare in Literature, as Mozart in Music, as Michael Angelo in Painting.

The new Macey Book Cabinets are the only sectional bookcases that can be added to, both upward and sideways, and still not look like sectional bookcases, but like heirlooms of furniture. Can be taken from or rearranged without destroying their beauty and style.

So artful is the cabinet work that dealers frequently have to take them apart to convince customers that they are sectional.

Macey old master designs harmonize with any furniture you now have, and are made in such variety of popular prices, sizes, woods and finishes, that they fit any requirement of space or purse.

Macey Sectional Book Cabinets are built under the direction of Mr. O. H. L. Wernicke, the father of sectional bookcases and President of The Macey Company. Mr. Wernicke's name is still used in the corporate title of a competing firm, with which he has long since had no connection.

If you wish to give your home and your children the most inspiring influence you ever gave them, you will go to a furniture store and see these new Macey Book Cabinets before you forget it.
